

# Drivers List Menu Items

10/10/2023 1:11 pm AEDT

## Drivers - Business

[Linked](#) [Contractor](#) [Delinked](#) [Pending](#) [Pending Contractors](#) [Linked Non-EWD](#) [Delinked Non-EWD](#) [All Sites](#)

The drivers list top menu allows you to view the drivers in different statuses within your account.

- Linked will show a list of all real EWD users that are actively linked
    - this includes both Business linked and contractors
  - Contractor will show a list of drivers that have been linked as contractors
  - Delinked will show the drivers that have been delinked from the business
    - Drivers records will still be available in the portal for the linked period for all delinked drivers
  - Pending is for a list of pending drivers that either haven't accepted the business invite or haven't accepted the account creation yet
  - Pending Contractors show the status of the contractor acceptance
  - Linked Non-EWD will show the drivers that the business is entering manual events for
  - Delinked Non-EWD drivers will show the list of drivers that no longer linked
  - All Site is used to see all drivers across the depot structure if used
-
